## Work experience

### **Principle Instructor & Training Consultant, (May. 2016 – To date)**

Responsible for creation of training curriculums and the delivery of training courses in the fields of Fire, Safety & Emergency Response Management in behalf of a private training center called "**Safety Innovations Training Center**" located at Dammam Saudi Arabia.

[www.safetyitc.com.sa](http://www.safetyitc.com.sa)

### **Fire & Rescue Specialist (June 2014 – August 2015)**

A technical advisor to the Saudi Aramco Fire Department Head.

### **Industrial Security Training Superintendent (Jan. 2013 – March 2014)**

Supervising the offering and delivery of Industrial Security Training to more than 6000 employees; during my relatively short assignment, I was

able to secure **International Accreditation** in a form of a Diploma from Pearson Edexcel, UK.

**Fire Marshal (Jan. 2004 — June 2012)**

In charge of various areas within Saudi Aramco work locations including Dhahran, Riyadh, Ras Tanura, Yanbu and the Northern Remote Areas, during which I had the responsibility of overseeing all fire protection activities carried out by 120-240 fire fighter/ officer, depending on the various work locations, including **emergency response, fire training and equipment and system' s inspection activities.**

**Fire Chief (Feb. 2001 — Oct. 2003)**

I was directly responsible for the management and training of more than 100 firefighters/ officers on day-day basis while **providing emergency response coverage** to two of the most important facilities in Saudi Aramco including a major community and a refinery.

**Sr. Industrial Trainer (Dec. 1997 — Jan. 2001)**

Responsible for the **delivery of fire, rescue and confined space training** to 1400 Saudi Aramco Fire Department employees.

**Fire Squadron Commander (Oct. 1988 — Dec. 1997)**

Responsible for the day-day management and training of 230+ air force firefighters/ officers occupying 4 fire stations **providing fire and rescue coverage to aircrafts, munitions stores, radar sites and community.**

**Fire Officer/ Trainer (Aug. 1984 — Sep. 1988)**

Handling **Fire Operation duties**, assisting the Fire Chief in **conducting day-day fire station's management** duties and training as many as 200+ firefighters in various aspects of fire protection and rescue operations.
